

ANNUAL REPORT 2022

BORLAND FREE CLINIC

DIRECTOR'S NOTE

Greetings Friends of Borland Free Clinic!

After my first full year as the clinic's Executive Director, it is my pleasure to present to you this annual report reflecting the incredible work and impact BFC is making in the community.

We know that health is a priority to all of us. The same is true for the many people we serve for whom access to quality care is a challenge.

We are a small but mighty operation. I am continually amazed and humbled by the dedication and care this organization is able to provide despite being open only 2 days and 8 hours per week.

On behalf of our Board, staff, and volunteers, thank you for joining us in the effort to bring hope and healing to vulnerable members of our community.

Yours,

Jordan Eugene Skornik

EXECUTIVE DIRECTOR

ABOUT BORLAND FREE CLINIC

We are a nonprofit clinic providing free medical care in respectful environment to vulnerable people in our community. This includes individuals that are uninsured, underinsured and undocumented citizens.

MISSION AND VISION

Mission:

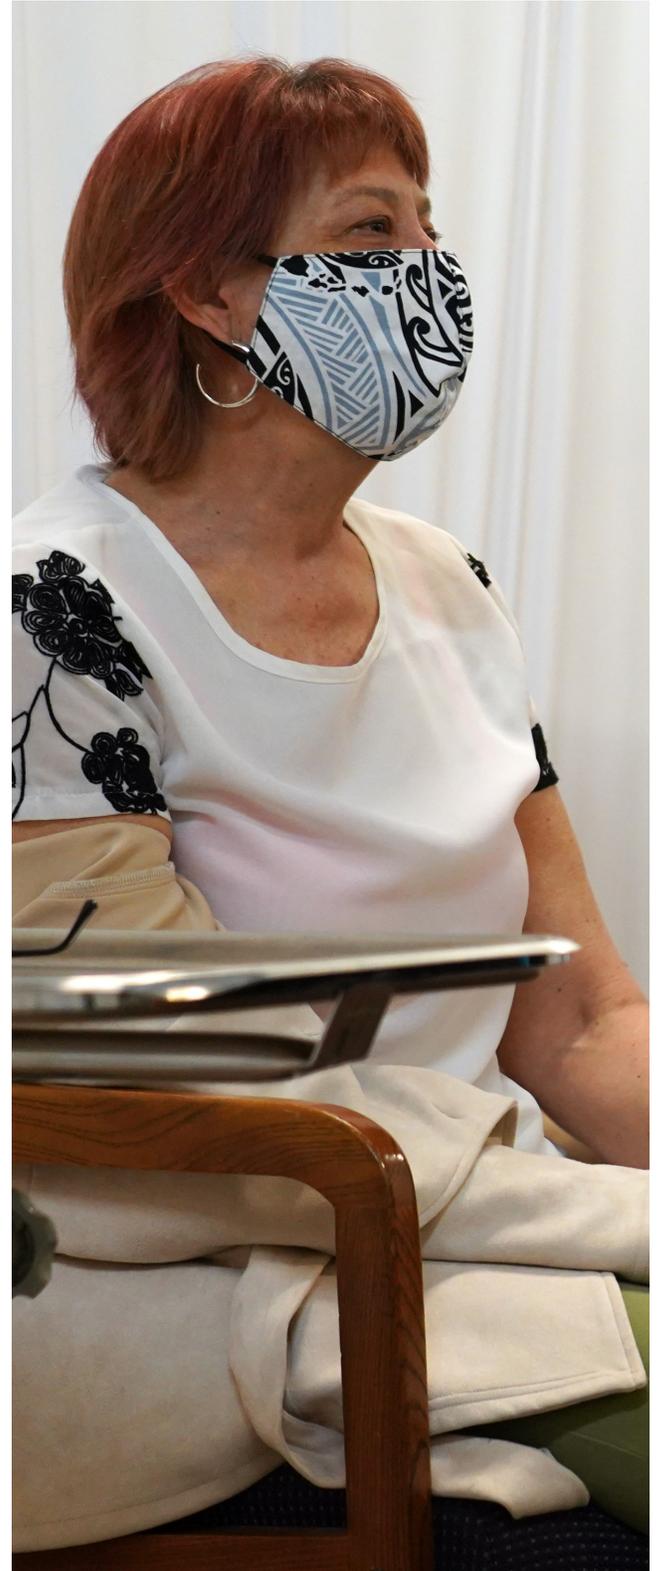

To bring hope and healing to vulnerable people in our community as an expression of Christ's love

Vision:

Every person in the South Portland Metropolitan area has the blessing of access to quality healthcare that is respectful and compassionate

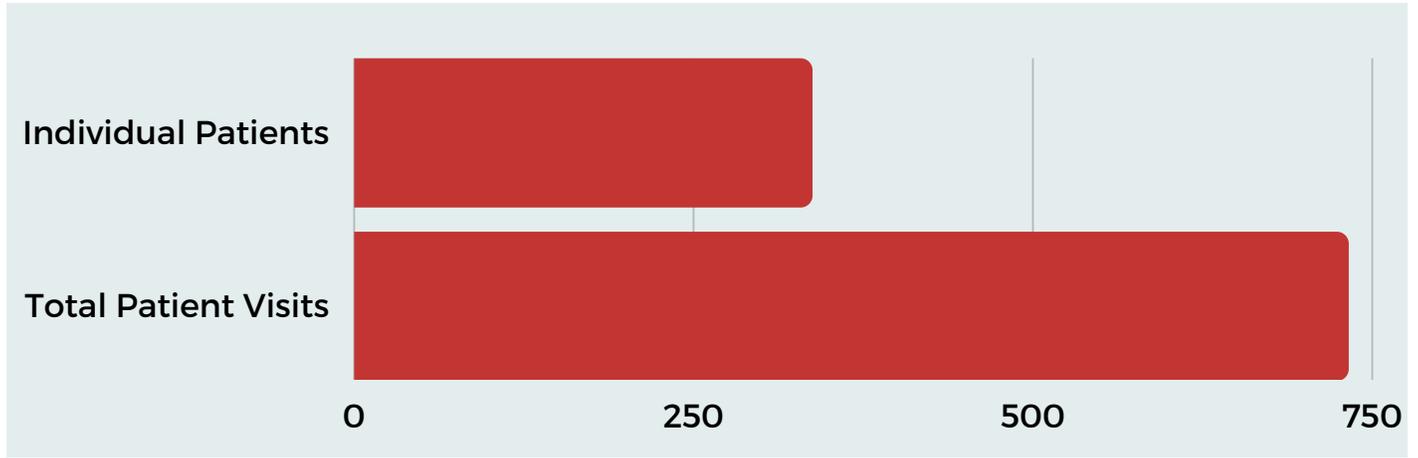

Values:

Compassionate
Attentive
Respectful
Excellence
Service

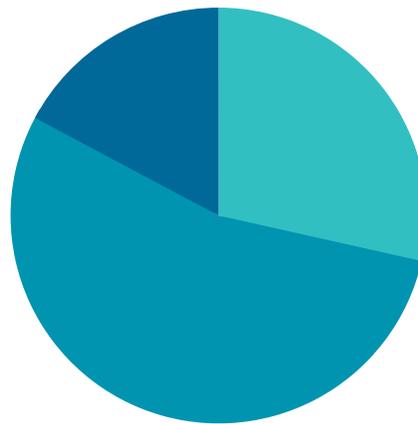

SERVICE DATA

BFC offers comprehensive medical care, including primary care, and some specialty clinics: Diabetes Education, Physical Therapy, Gynecology, Mental Health. In conjunction with other organizations, patients also receive vision and dental care, mammogram screenings, and more.

We love our volunteers!

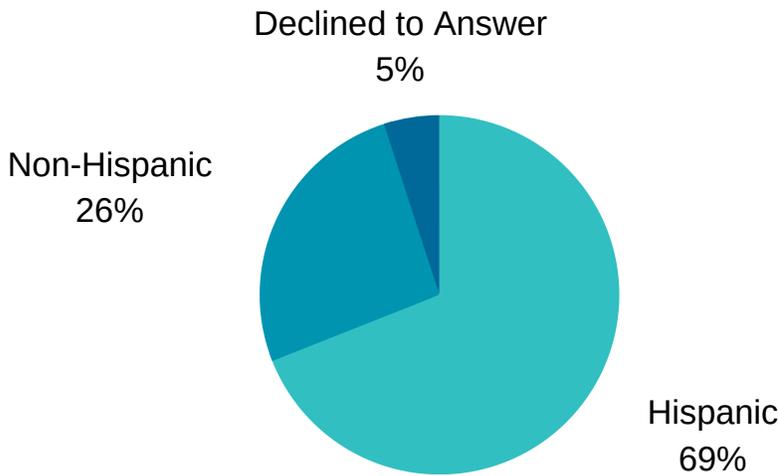

We had **125 volunteers** in 2022, serving **5,337** hours in clinic. We could not do our work without them!

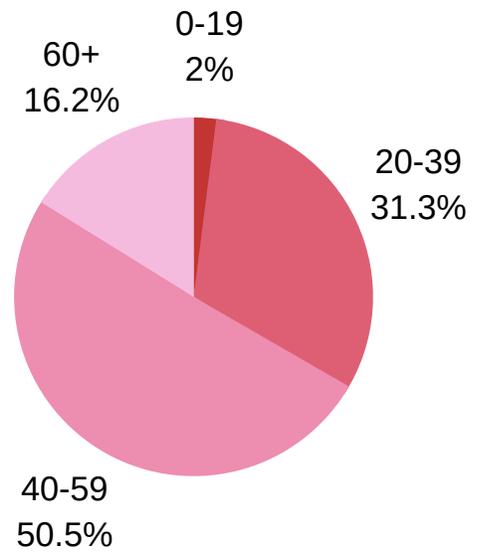

DEMOGRAPHICS

BFC serves uninsured individuals with household incomes at or below 300% of the federal poverty guidelines.

ETHNICITY

AGE

HOMELESS RATE: 3%

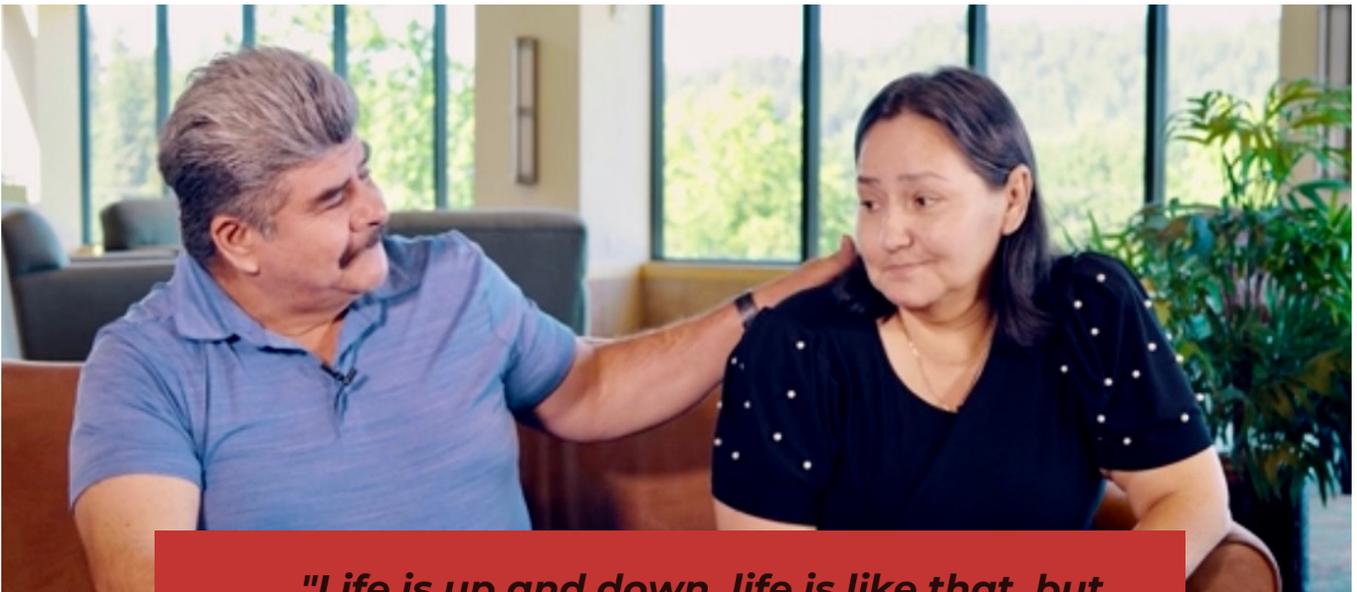

IMPACT

Esmeralda and her husband Gerardo came to America from Mexico seeking a better life. After suffering a stroke in November 2021, Esmeralda was in need of a primary doctor for follow up care. Since they had no insurance, they were referred to Borland Free Clinic.

Our team of doctors were able to get Esmeralda the medication, Physical Therapy and nutrition plan she needed to start her recovery.

When Esmeralda experienced a subsequent stroke, she was left wheelchair bound. After just a few visits to the clinic, everyone was surprised to see her walk again on her own.

Esmeralda and Gerardo's story is just one of many that we see come through BFC. We are very grateful to have the opportunity to bring hope and healing to people in our community who have no other resource. In many cases, their lives depend on the services we provide for them.

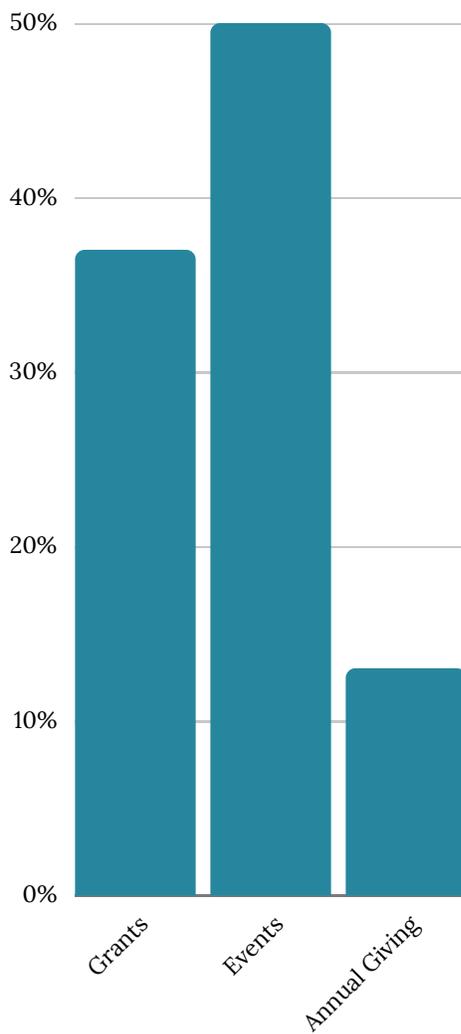

"Life is up and down, life is like that, but there are times when it catches us and hits us hard."

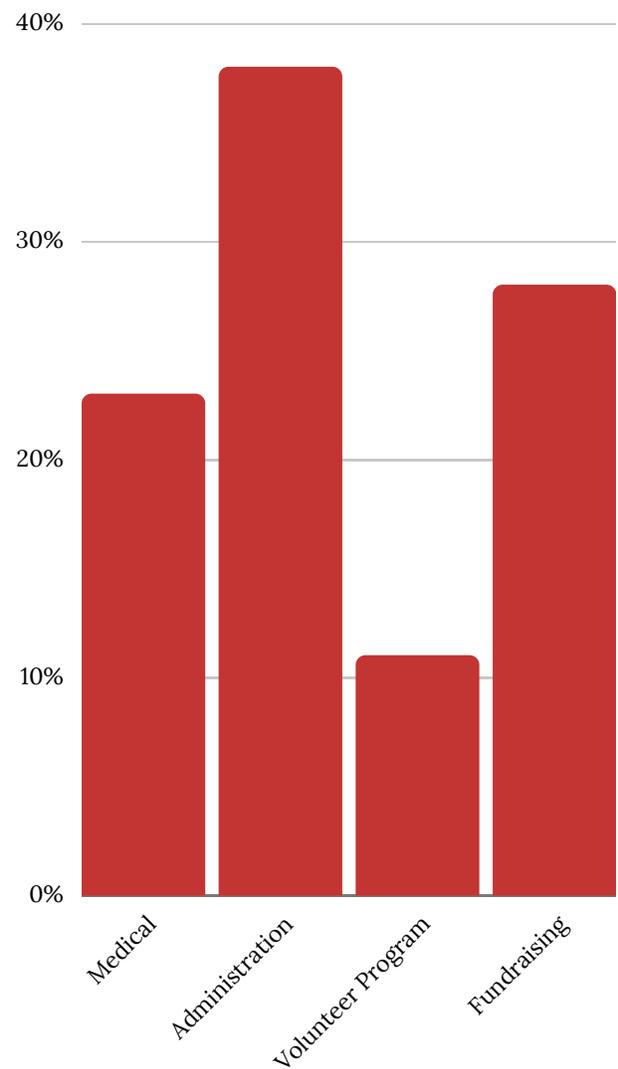

-Gerardo Ramirez, BFC Participant

2022 FINANCIALS

**Total Revenue:
\$320,420**

**Total Expenses:
\$221,776**

LOOKING AHEAD TO 2023 (AND BEYOND)

Many have been following our desire over the years to build-out our current clinic space in the lower level of Rolling Hills Community Church. After months of planning, we are closer than ever to launching our efforts to continue providing exceptional care while ensuring an enhanced patient experience.

Our vision is to expand services by developing a modern primary care clinic that includes exam rooms with walls and doors, a dedicated lab, washing stations, HVAC, a new entrance off the parking lot, and more.

We anticipate this updated space will enable us to attract more providers, extend our hours of operations, and ultimately care for more patients. Stay tuned!
